1. This is for your information. Attached are four papers describing events since your [REDACTED] briefing 21 October.
2. Attachment I highlights comments and actions arising during the D/NRO briefing 23 October.
3. Attachment II is the Phase I funding request and program description forwarded to NRO 24 October. This paper was prepared prior to the NRO briefing. It was forwarded together with budgetary cost estimates for Phase II at the request of NRO with the understanding that the dollar figures are subject to revision. Such revision may include the modification of a second U-2R during Phase II and the potential alterations and definition of the OEL systems configuration for Phase II. The latter is being formulated and does represent a change in concept.
4. Attachment III is the NRO approval for Phase I.
